Supported By

India Lead Zinc
Development Association

Aluminium Secondary
Manufacturers Association

Concurrent Topics

Logistics, Warehousing
& Material Handling

RAW MAT INDIA – Nations Prime Resources Expo, a fair which is one of its kind, is purely dedicated to the manufacturing industries, helping them with sources of raw material at their doorstep. This fair is 100% B2B in nature where foremost and competent manufacturers and suppliers of raw materials showcase their products and services.

“RAW MAT INDIA 2024”, the 3rd edition in this series is here to facilitate raw material sourcing for the manufacturing units. Coimbatore region is a major buyer of raw materials, inputs and services. With a huge number of MSMEs catering to industries such as Automobiles, Textiles, Foundries, Electrical, Electronics, Infrastructure, IT, Agriculture, Railways, Aviation, Defence, Oil & Gas and many more, it is a hot destination for raw material manufacturers and traders to reach out to potential industrial buyers, making this event highly relevant.

The organiser

CODISSIA Intec Technology Center is a Trust formed by The Coimbatore District Small Industries Association (CODISSIA) in the year 1996 and owns the CODISSIA Trade Fair Complex. Inaugurated in the year 2000, CODISSIA Trade Fair Complex is the first Trade Fair Complex in South India and the Second in India built with the following objectives:

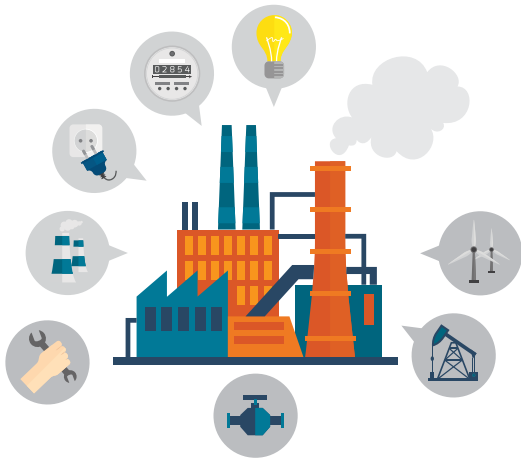

- 1) To promote and create infra-structural facilities for conducting Trade Fairs, Industrial Exhibitions, Buyer-Seller Meets, Seminars, Conventions, Conferences, Workshops and such other activities needed for the growth of regional economy.
- 2) To carry out scientific and technological research and development work on product, process and services.
- 3) To promote, establish and manage a Trade Center to assist the industries in identifying the sources for Export, Import and Technology Transfers and Collaborations.

About Host City - Coimbatore

- Most industrialized city in Tamil Nadu after Chennai
- More than 1 lakh MSME units present in the region and catering to Automobiles, Textiles, Foundries, Electrical, Electronics, Infrastructure, IT, Agriculture, Railways, Aviation, Defence, Oil & Gas and many more industries
- Around 325 new MSMEs setting up their manufacturing facilities at CODISSIA Industrial Park
- Excellent connectivity by road, rail and air which makes transportation easier.
- Easy access to Chennai, Tuticorin and Kochi ports

Coimbatore is known for being a quality conscious manufacturing hub and hence becomes one of the most preferred job sourcing location for large business houses and PSUs. With the rapid pace of expansion in the engineering industry, the need for quality raw material has also increased.

- Foundries – Precision castings, Sand castings, Investment castings and non-ferrous gravity & sand castings, Aluminum die casting components
- Fabrication – Heavy Fabrication, Light fabrication, Structural fabrication, Hot & cold forge items, Sheet metal fabrication, Precision metal fabrication, Architectural fabrication, Aluminum fabrication
- Gears & Gear boxes
- Rubber
- Heat Treatment
- Hydraulics – Power packs and cylinders
- Material testing facility
- Compressor manufacturing
- Pneumatics – Valves and cylinders
- Motor manufacturing
- Tool room
- Plastic injection molding
- Rapid prototyping
- Special coating & painting
- Packaging
- Designing
- Electrical & Electronics software

Exhibitors' Profile

Manufacturers, Service Providers and Dealers of the following:

Raw Materials

Sheet, Plate, Pipe, Tube, Angle, Beam, Channel, Section, Rod - Virgin & Recycled Solid, Ingot, Pellet, Powder

Fasteners

Bolts, Nuts, Screws and Rivets, Studs, Anchors, Self Clinching Fasteners, Washers, Inserts, Cable Tie, Tapes

Input Materials

Ferro Alloy, Inoculate, Binder, Resin, Catalyst, Sand, Lime Stone, coagulant

Consumables

Welding wires, Electrode, Special Rod, Flux, Gas, Wax, Grinding Wheel, Filler Rod, Torch, Welding Shields

Paper

Paper - Newsprint, Cardboard, Corrugated, Stationery, Craft and Wallpapers

Chemicals

Acids, Bases, Alcohol, Solvents, Salts, Enzymes, Gas

Finishing Materials

Primer, Sealant, Paint (Liquid & Powder), Varnish Deposition, Lapping, Honing

Deposition

Chemicals & Inputs for Electro and Electroless Plating

Packaging

Cartons, Bubble Wraps, Stretch Films, Biodegradable Materials, Nails, Hoop Iron, Fumigation chemicals.

Software

Enterprise Resource Planning Software, Mobile Apps, Payroll & other Services

Finishers

Red Oxide, Enamel, Epoxy, Polyurethane, Acrylic, Lacquer

Input materials:

- Iron - Pig Iron, Sponge Iron (DRI) and Recyclables
- Steel - Mild Steel, Carbon Steels, Stainless Steels, Alloy Steels, Die Steels, Tool Steels
- Non-Ferrous - Aluminium, Copper, Brass, Bronze, Lead, Zinc, Nickel
- Special Materials - Cobalt, Monel, Inconel, Incoloy and Hastelloy
- Carbon - Graphite, Anthracite, Petroleum Coke, Coal, Coke, Charcoal and Activated Carbon
- Rubber - Natural, Latex, Synthetic, Industrial Rubber, Recycled
- Pine wood, Rubber wood, Timber, Plywood, Block Boards, Veneers, Adhesives.
- Paper - Newsprint, Cardboard, Corrugated Box, Stationery, Craft and Wallpapers
- Plastics - Bakelite, LDPE, HDPE, Nylon, Styron, Acrylic, Delrin, Arnite, PVC, PU, Melamine, DAP, FRP
- Chemicals - Acids, Bases, Alcohol, Solvents, Salts, Enzymes, Gas

Logistics

- Logistics parks, 3PL & 4PL Companies
- Freight forwarding & Cargo Companies
- Commercial Vehicles, Shipping & Port equipment
- Portal based Delivery Partners, Packers & Movers
- Parking Equipments
- AIDC & RFID - Barcode & Labelling Solutions
- Coding & Marking Systems
- GPS Navigation & Vehicle Tracking systems
- Integrated track systems & control technologies
- Fleet Management Software
- Supply chain Consultants
- Transport Management System
- Software for logistics planning

Material Handling Solutions

- Access Work Platforms
 - Cranes – Hydraulic, EOT, Gantry & JIB
 - Dock levelers, Backhoe Loaders & Side Loaders
 - Forklifts
 - Pallet Trucks, Hand Trucks, Battery Operated Trucks, Service Carts
 - Rollers, Belt Conveyors, Wheel & Trolleys
 - Scissor Lifts, Boom Lifts, Elevators, Escalators & others
 - Stackers, Reach & Tow Trucks
- Material Handling Accessories:**
Batteries, Tyres, Ropes, Castor Wheels & Forklift Attachment
- Storage Solutions :**
Racks, Pallets & Palletizers, Bins & Containers

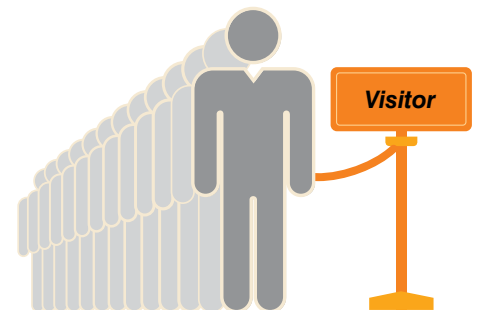

Warehousing Solutions

- Industrial Doors & Shutters
- Industrial Flooring & Roofing
- Pre-Engineered Buildings
- Metal Building Systems
- Light Gauge Steel Buildings
- Structural Steel
- Lighting, HVLS Fans, Industrial Air Coolers & Ventilators
- Cleaning & Weighing Solutions for Storage & Warehouse facilities
- Fire & Safety Solutions
- CCTV Camera & Surveillance Systems
- Monitoring & Security Solutions
- Warehouse Consultants

Visitors' Profile

- | | |

Times of India 10 Sept 2022

Exhibition on raw materials

TIMES NEWS NETWORK

Coimbatore: The second edition of raw materials exhibition 'Raw Mat India 2022' at the Codissia Trade Fair Complex between September 14 and 16 will bring together raw material dealers and the business community from Coimbatore and neighbouring districts.

The Coimbatore District Small Industries Association expects the fair to generate trade to the tune of ₹150 crore as the region is a major consumer of raw materials, inputs

and services.

The event is expected to see participation of 88 companies from across the country and representatives from countries such as Japan, Europe, China, Taiwan and South Korea, chairman of the exhibition C B Senthil Kumar said. "The first edition, conducted in 2019, saw 8,000 visitors. While it could not be conducted due to Covid-19 pandemic in subsequent years, we expect around 10,000 visitors this time," he said.

A range of plastic raw materials, non-ferrous metals,

fasteners, packaging materials, billets, bars, mobile app solutions and business-to-business marketplaces will be on display.

"The exhibition will open up a range of raw materials to the business people. The business community will be in a better position to negotiate prices," said Codissia president V Thirugnanam.

Chief of base repair depot of the Sulur Air Force Station air commodore K S S Sanjeeb will inaugurate the expo. Entry will be free.

Industries urged to explore ways to be self-reliant in raw materials

SPECIAL CORRESPONDENT
Industries in Coimbatore should look at how India can become self-reliant in availability of military grade raw materials and non-ferrous metals, Air Commodore K.S.S. Sanjeeb, Air Officer Commanding, 100 Air Force, Sulur, said here on Wednesday.

Organising a three-day exhibition of raw materials Raw Mat India 2022, he said industries should "do more in research and development, upgrade manufacturing infrastructure, and become truly self-reliant." While governments is taking several measures to enhance participation of MSMEs in the defence sector, there is a challenge in identifying military grade raw materials in the country and reduce its costs. "A study going in Ministry of Defence report says there is a need to identify indigenous raw material and certify them, identify sources for strategic raw materials, and identify the actual requirements for them. Another challenge area is to explore elements, for which China is the largest holder of resources. It has several applications. The way to overcome and recycle these elements from various used in the defence. Another is to invest in research and development related to these elements, he said.

Business Head of CSM Sulur-200 Steel Ltd. Senthil Kumar said the prices of steel has come down and for the buyers. The prices are expected to stabilize or inch up slightly from the level. Coimbatore, a major hub for textiles and garments, should look at ways industries can reduce use of imported products. The MSMEs should also explore ways to reduce the production cost.

According to C.B. Senthil Kumar, who is the chairman of the event at Codissia Trade Fair Complex, the second edition of the fair has 80 exhibitors, displaying materials and products of steel, copper, aluminium, packaging materials, etc. The expo will benefit textiles, engineering, agriculture, aviation, electrical and electronics, defence, and automobile sectors. It also has several special materials that are used by the defence sector.

V. Thirugnanam, president of Codissia, said raw materials are essential for the growth of MSMEs. Coimbatore district has nearly a lakh MSMEs and the expo will help take to raw materials. With high prices, several industries have scaled down consumption of raw materials and production.

Exhibitors Feedback

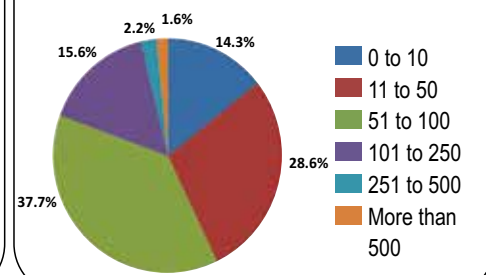

1) Choose the Product type that your organisation deals?

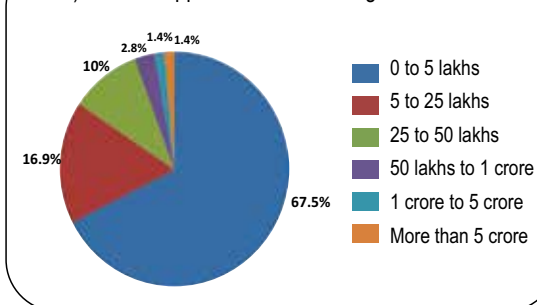

2) How do you rate the quality of visitors?

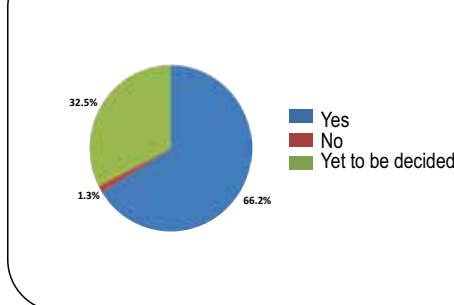

3) How many enquiries did you generate (approximate) ?

4) Value of approximate business generated.

5) Your participation in the next edition.
